

## **JULIUS FULOP APPOINTED AS CANTEST'S DIRECTOR, ENVIRONMENTAL DIVISION**

Burnaby, British Columbia – September 14, 2007. CANTEST is pleased to announce the appointment of Julius Fulop as Director its Environmental Division.

Julius has over 20 years of experience in the environmental service sector, combined with solid expertise in analytical chemistry and quality systems. Over the course of his career, Julius has held leadership positions in both the environmental and the contract research industry, having worked with companies such as Apotex, MDS Environmental Services, Bodycote and Maxxam. He strongly believes in the concept of professional integrity and effective communication as the basis for his success

Julius holds a Masters degree in Analytical Chemistry from Brock University in Ontario. His professional affiliations include the Canadian Association of Environmental Analytical Laboratories (CAEAL) and the Association of the Chemical Profession of Ontario (ACPO).

### **About CANTEST**

CANTEST, a 100% Canadian, employee-owned company founded in 1969, provides professional analytical and clinical services supporting environmental quality, pharmaceutical, biotechnology and food safety industries as well as related projects for business and government. CANTEST maintains core values of scientific innovation, transparency to its employees and the commitment to providing quality and timely data. The unique scope of services offered by CANTEST allows the company to truly partner with its clients in finding industry solutions.
